Career Objective

Computer Science graduate with a strong foundation in data science, software development, and problem-solving. Experienced in building data-driven applications and working with modern technologies. Seeking to contribute technical expertise and analytical skills in a dynamic, growth-oriented environment.

Technical Skills

Programming	Python, C++, C, Java, Kotlin
Data Analysis	SQL (MySQL, Oracle), Data Validation, Dataset Analysis, Data Querying
Web	MERN Stack, HTML, CSS, JavaScript
Mobile	Android Development, Jetpack Compose, MVVM Architecture
Tools	Git, GitHub, Microsoft Office, Google Workspace, Android Studio
Other	Analytical Thinking, Problem Solving, Competitive programming (D_Sultan01)

Relevant Experience & Projects

Multimodal Image-to-Text Human Emotion Analysis [\[Report\]](#) [\[Kaggle Notebook\]](#)

- Built a multimodal sentiment analysis model combining BERT and ResNet on 5,220 image-text pairs, achieving ~57% validation accuracy on a 3-class classification task.
- Implemented end-to-end training pipeline using PyTorch and Transformers (batch size 32, 50 epochs, Adam optimizer), evaluated with accuracy, precision, recall, and F1-score.

TaskMaster — Full-Stack Task Management Application [\[GitHub\]](#)

- MERN stack app with JWT authentication, drag-and-drop reordering, category filtering, due dates, and real-time search.
- Responsive Tailwind CSS UI with dark mode, daily goal tracking, and streak statistics.

ZeroMiss — Android Productivity Application [\[GitHub\]](#)

- Developed a production-ready Android application in **Kotlin** using **Jetpack Compose** and MVVM architecture, featuring five core modules: Task Manager, Codeforces Contest Tracker, Tuition Attendance, Focus Timer, and Calendar with Room database persistence.
- Implemented real-time contest updates via Codeforces REST API, intelligent reminders using AlarmManager & WorkManager, custom Liquid Glass UI with animated 5-tab navigation, swipe gestures, spring physics, and full Light/Dark mode support.

Education

BSc in Computer Science & Engineering (Major: Data Science)

East West University

Higher Secondary Certificate (Science)

Mohammadpur Government College

Additional Strengths

- Meticulous attention to detail in structured data work
- Skilled at identifying dataset inconsistencies & anomalies
